

N^o 13,263

A.D. 1903

Date of Application, 13th June, 1903—Accepted, 16th July, 1903

COMPLETE SPECIFICATION.

“Medicinal Compound”

I, ROBERT AMBROSE, of 9 South Kinning Place, Paisley Road, in the City of Glasgow, Herbalist, do hereby declare the nature of this invention and in what manner the same is to be performed, to be particularly described and ascertained in and by the following statement:—

5 The medicinal compound or blood mixture constituting this invention is made up of the following ingredients in equal portions by weight *viz*:—
Jamaica sarsaparilla, cascara sagrada bark, meadow rue, rose noble, quassia chips, yellow dock root, hog bean, wood sage, dandelion root, gentian root, wild thyme and aloes cape.

10 Five ounces of each of these ingredients are mixed and an infusion made in twenty six pints of water and to the infusion forty pounds of sugar and an ounce of preservative liquid are added.

The proportions of the several ingredients from which the infusion is made and of the sweetening and preservative added may however be varied.

15 Having now particularly described and ascertained the nature of my said invention and in what manner the same is to be performed, I declare that what I claim is:—

A medicinal compound made from an infusion in water of the several ingredients above named in or about the proportions stated.

20 Dated this 12th day of June, 1903.
